POSITIVE FEEDBACK

 It has a great vibe.

 Very professional.

 Feels like family.

 Great marketing source and trusted source for information regarding our county.

 We do what we say, keep the city accountable, lead changes, staff is always helpful and responsive.

 Present multiple opportunities for members to connect with one another and expand their networks.

 We play a significant role in the prosperity of the county.

 A developed, first class preeminent organization, which evolves and strives for continuous improvement.

 We are ahead of the curve and take care of our members, put our members and businesses FIRST.

 Business connectors, promoters and advocates.

 We have momentum and lots of cool, new things are happening.

 We're relationship-based and thrive on doing all we can to meet our members' needs and expectations.

 The chamber is essential for business growth and helps convene the community for important issues or initiatives.

 They do a great job getting the community involved in our businesses, schools, and non-profits.

 Vibrant, first class organization.

 We help bring both our businesses and our residents together to build up our community.

VALUE

 They're not sure of the value in being a member.

 We don't do a good job of getting out and explaining the value of membership.

 There are not enough benefits for members.

 Most would say they get out of it what they put into it.

 They don't know the full value of what a chamber does, but that the chamber is supportive of local businesses and the community.

 The chamber does a good job of organizing networking and educational events, but members just don't have time to attend.

TIME FOR CHANGE

 In a bind between old-school ideals and millennial expectations.

 We're behind the times and need to be more up-to-date with social media and offer new events.

STAFFING

 "Hope this one stays..."

 They support the direction the chamber is now moving. They would like to see more of the staff.

 How much we have improved over the last 2+ years and with the change of the Executive Director, the chamber is not as stale as it used to be.

 They need a full-time person to run the organization, not just one part-time person. That way we could get more value from membership.

 Needs a more cohesive internal structure and leadership team.

DO MORE

 We need to be doing more to promote the town.

 We need to get more active members, or encourage the members we do have in a positive way.

 We need to be better at supporting our community by listening to what they want, not just what we're willing to provide.

 Don't always understand the challenges of smaller member businesses.

DIVERSITY

 We are diverse and work to engage members.

 We have a very diverse membership when it comes to number of employees, investment, and engagement.

 A few people would say that we are too elitist at times.

“Where do they get all that wine they raffle off?”
